Firmware Release PL4

Release Date: August 31, 2017

Software Release Details

Products	Firmware	Network	PCL5	PCL6	PSP	PDF	TIFF
WC3615	201604180655	80.51	201603071358	201603071358	201603071358	201603071358	201603071358
PH3610	201707260645	80.51	201707191344	201707191344	201707191344	201707191344	201707191344

Purpose

This firmware release contains the following enhancement for **PH3610 model Only**:

- The current TEC value (2.94kWh/wk) does not meet the new Blue Angel requirement (2.48kWH/WK). This firmware modifies the Sleep mode default delay time from 10 minutes to 1 minute to meet the new Blue Angel requirement.
