## TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

### 1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal

Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and

You must cause any modified files to carry prominent notices stating that You changed the files; and

You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

## END-USER LICENSE AGREEMENT FOR COMPONENTONE SOFTWARE

**IMPORTANT-READ CAREFULLY:** This End User License Agreement (this "EULA") contains the terms and conditions that govern your use of the SOFTWARE (as defined below) and imposes material limitations to your rights. You should read this EULA carefully and treat it as valuable property.

### I. THIS EULA.

**Software Covered by this EULA.** This EULA governs your use of the ComponentOne, LLC ("C1") software product(s) enclosed or otherwise accompanied herewith (individually and collectively, the "SOFTWARE"). The term "SOFTWARE" includes, to the extent provided by C1: 1) any revisions, updates and/or upgrades thereto; 2) any data, image or executable files, databases, data engines, computer software, or similar items customarily used or distributed with computer software products; 3) anything in any form whatsoever intended to be used with or in conjunction with the SOFTWARE; and 4) any associated media, documentation (including physical, electronic and online) and printed materials (the "Documentation").

When using ComponentOne Ribbon for WinForms which is provided as part of the SOFTWARE, note that THIS LICENSE GRANTS YOU NO RIGHTS TO THE MICROSOFT OFFICE 2007 UI. TO OBTAIN A LICENSE TO USE THE MICROSOFT OFFICE 2007 UI, PLEASE VISIT <http://msdn.microsoft.com/en-us/office/aa973809.aspx>.

2. This EULA is a Legally Binding Agreement Between You and C1. If you are acting as an agent of a company or another legal person, such as an officer or other employee acting for your employer, then "you" and "your" mean your principal, the entity or other legal person for whom you are acting. However, importantly, even if you are acting as an agent for another, you may still be personally liable for violation of federal and State laws, such as copyright infringement.

By signifying your acceptance of the terms of this EULA, you intend to be, and hereby are, legally bound to this EULA to the same extent as if C1 and you physically signed this EULA. By installing, copying, or otherwise using the SOFTWARE, you agree to be bound by all the terms and conditions of this EULA. If you do not agree to all of such terms and conditions, you may not install or use the SOFTWARE. If you do not agree with any of the terms herewith and, for whatever reason, installation has begun or has been completed, you should cancel installation or un-install the SOFTWARE, as the case may be. Furthermore, you should promptly return the SOFTWARE to the place of business from which you obtained it in accordance with any return policies of such place of business. Return policies may vary among resellers; therefore you must comply with the return policies of your supplier as you agreed at the point of purchase. If the place of business from which you purchased the SOFTWARE does not honor a full refund for a period of thirty (30) days from the date of purchase, you may then return the SOFTWARE directly to C1 for a refund provided that such returns is authorized within the same thirty (30) day time period. To return the product directly to C1, you must first obtain a Return Authorization Number by contacting C1, and you must forward to C1 all items purchased, including the proof of purchase. The return must be postage-prepaid, and post-marked within thirty (30) days from the proof of purchase, time being of the essence. The return option to C1 is only available to the original purchaser of an unopened factory packaged item.

### II. YOUR LICENSE TO DEVELOP AND TO DISTRIBUTE.

As provided in more detail below, this EULA grants you two licenses: 1) a license to use the SOFTWARE to develop other software products (the "Development License"); and 2) a license to use and/or distribute the Developed Software (the "Distribution License"). These licenses (including the Source Code license described below, individually and collectively, the "Licenses") are explained and defined in more detail below.

Definitions. The following terms have the respective meanings as used in this EULA:

"Network Server" means a computer with one or more computer central processing units (CPU's) that operates for the purpose of serving other computers logically or physically connected to it, including, but not limited to, other computers connected to it on an internal network, intranet or the Internet.

"Web Server" means a type of Network Server that serves other computers which, are specifically connected to it through either an intranet or the Internet.

"Developed Software" means those computer software products that are developed by or through the use of the SOFTWARE.

"Developed Web Server Software" means those Developed Software products that reside logically or physically on at least one Web Server and are operated (meaning the computer software instruction set is carried out) by the Web Server's central processing unit(s) (CPU).

"Redistributable Files" means the SOFTWARE files or other portions of the SOFTWARE that are provided by C1 and are identified as such in the Documentation for distribution by you with the Developed Software.

"Developer" means a human being or any other automated device using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Developer Seat License" means that each Developer using or otherwise accessing the programmatic interface or the SOFTWARE must obtain the right to do so by purchasing a separate End User License.

"Source Code" shall mean computer software code or programs in human readable format, such as a printed listing of such a program written in a high-level computer language. The term "Source Code" includes, but is not limited to, documents and materials in support of the development effort of the SOFTWARE, such as flow charts, pseudo code and program notes.

2. Your Development License. You are hereby granted a limited, royalty-free, non-exclusive right to use the SOFTWARE to design, develop, and test Developed Software, on the express condition that, and only for so long as, you fully comply with all terms and conditions of this EULA.

The SOFTWARE is licensed to you on a Developer Seat License basis.

Developer Seat License basis means that you may perform an installation of the SOFTWARE for use in designing, testing and creating Developed Software by a single Developer on one or more computers, each with a single set of input devices, so long as 1) such computer/computers is/are used only by one single Developer at any given time and not concurrently and, 2) the user is the primary User to whom the license has been granted. Conversely, you may not install or use the SOFTWARE on a computer that is a network server or a computer at which the SOFTWARE is used by more than one Developer. You may not network the SOFTWARE or any component part of it, where it is or may be used by more than one Developer unless you purchase an additional Development License for each Developer. You must purchase another separate license to the SOFTWARE in order to add additional developer seats, whether the additional developers are accessing the SOFTWARE in a stand-alone environment or on a computer network.

The license rights granted under this Agreement may be limited to a specified number of days after you first install the SOFTWARE unless you supply information required to license or activate your licensed copy, as the case may be, within the time and the manner described during the SOFTWARE setup sequence and/or in the dialog boxes appearing during use of the

SOFTWARE. You may need to activate the SOFTWARE through the use of the Internet, email or telephone; toll charges may apply. You may need to re-activate the SOFTWARE if you modify your computer hardware or if you have installed it on a different computer; in some cases the number of activations allowed may be limited and you will have to contact C1 for clearance. Product activation is based on the exchange of information between your computer and C1. None of this information contains personally identifiable information nor can they be used to identify any personal information about you or any information you store in your computer. YOU ACKNOWLEDGE AND UNDERSTAND THAT THERE ARE TECHNOLOGICAL MEASURES IN THE SOFTWARE THAT ARE DESIGNED TO PREVENT UNLICENSED OR ILLEGAL USE OF THE SOFTWARE. YOU AGREE THAT C1 MAY USE SUCH MEASURES AND YOU AGREE TO FOLLOW ANY REQUIREMENTS REGARDING SUCH TECHNOLOGICAL MEASURES. YOU ACKNOWLEDGE AND AGREE THAT THE SOFTWARE WILL CEASE TO FUNCTION UNLESS AND UNTIL YOU ACTIVATE THE APPLICABLE SOFTWARE SERIAL NUMBER.

You agree that C1 may audit your use of the SOFTWARE for compliance with these terms at any time, upon reasonable notice. In the event that such audit reveals any use of the SOFTWARE other than in full compliance with the terms of this EULA, you shall reimburse C1 for all reasonable expenses related to such audit in addition to any other liabilities you may incur as a result of such non-compliance.

In all cases, (a) you may not use C1's name, logo, or trademarks to market your Developed Software without the express written consent of C1; (b) you must include the following C1 copyright notice in your Developed Software documentation and/or in the "About Box" of your Developed Software, and wherever the copyright/rights notice is located in the Developed Software ("Portions Copyright © ComponentOne, LLC 1987-2011. All Rights Reserved."); (c) you agree to indemnify, hold harmless, and defend C1, its suppliers and resellers, from and against any claims or lawsuits, including attorney's fees that may arise from the use or distribution of your Developed Software; (d) you may use the SOFTWARE only to create Developed Software that is significantly different than the SOFTWARE.

### 3. Your Distribution License.

License to Distribute Developed Software. Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Software on a royalty-free basis, provided that the Developed Software incorporates the SOFTWARE as an integral part of the Developed Software in machine-language compiled format (customarily an ".exe", or ".dll", etc.). You may not distribute, bundle, wrap or subclass the SOFTWARE as Developed Software which, when used in a "design-time" development environment, exposes the programmatic interface of the SOFTWARE. You may distribute, on a royalty-free basis, Redistributable Files with Developed Software only. You may not add or transfer the SOFTWARE serial number to the computer where the Developed Software is installed. Users of the Developed Software may not use the SOFTWARE or the Redistributable Files, directly or indirectly, for development purposes. In particular, if you create a control (or user control) using the SOFTWARE as a constituent control, you are not licensed to distribute the control you created with the SOFTWARE to users for development purposes.

4. Specific Product Limitations. Notwithstanding anything in this EULA to the contrary, if the license you have purchased is for any of the following products, then the following additional limitations will apply:

ComponentOne Reports for .NET Designer Edition. ComponentOne Reports for .NET Designer Edition includes at least: 1) one dynamic link library file (c1.win.c1reportdesigner.dll) known as C1ReportDesigner Component, 2) one executable file (ReportDesigner.exe) known as C1ReportDesigner Application and, 3) the source code of the C1ReportDesigner Application (the "Report Designer Source Code"). The C1ReportDesigner Component is subject to the general terms and restrictions set forth in this EULA. The C1ReportDesigner Application is an executable

file used to design and prepare reports; the C1ReportDesigner Application may be distributed, free of royalties, only in conjunction with the Developed Software.

C1 hereby also grants you the right to use and to modify the Report Designer Source Code to create derivative works that are based on the licensed Report Designer Source Code. You may distribute such derivative works, solely in object code format and exclusively in conjunction with and/or as a part of the Developed Software. You are expressly not granted the right to distribute, disclose or otherwise make available to any third party the licensed Report Designer Source Code, any portion, modified version or derivative work thereof, in source code format.

C1 shall retain all right, title and interest in and to the licensed Report Designer Source Code, and all C1 updates, modifications or enhancements thereof. Nothing herein shall be deemed to transfer any ownership or title rights in and to the licensed Report Designer Source Code from C1 to you.

THE REPORT DESIGNER SOURCE CODE IS LICENSED TO YOU AS IS. C1 DOES NOT AND SHALL NOT PROVIDE YOU WITH ANY TECHNICAL SUPPORT FOR YOUR REPORT DESIGNER SOURCE CODE LICENSE.

b. VSView Reporting Edition (ActiveX). VSView Reporting Edition includes at least one executable file listed as "VSRptX.exe" (where X indicates the version number i.e.7,8, etc.), known as "Designer." The file "VSRptX.exe", or any upgrade or future versions of the Designer, are subject to the restrictions set forth in this EULA and may not be distributed with your Developed Software or in any other way.

c. Studio Products. You may not share the component parts of the Studio Products licensed to you with other Developers, nor may you allow the use and/or installation of such components by other Developers.

5. Updates/Upgrades; Studio Subscription. Subject to the terms and conditions of this EULA, the Licenses are perpetual. Updates and upgrades to the SOFTWARE may be provided by C1 from time-to-time, and, if so provided by C1, are provided upon the terms and conditions offered at that time by C1 in its sole discretion. C1 may provide updates and upgrades to the SOFTWARE for free or for any charge, at any time or never, and through its chosen manner of access and distribution, all in C1's sole discretion.

C1 licenses certain of its separately-licensed products bundled together in a product suite, called the C1 "Studio" product line (the "Studio Products"). The exact separately-licensed products that are bundled into the Studio Products may change from time-to-time in C1's sole discretion. If the SOFTWARE is identified as a C1 "Studio" product, then the SOFTWARE is one of the Studio Products. The SOFTWARE and the Studio Products are revised from time-to-time (meaning, for example, revised with updates, upgrades and, in the case of Studio products, sometimes changes to the mix of products included in the bundle). To receive any such revisions to the SOFTWARE or the Studio Products, as the case may be, you must have a valid SOFTWARE license or a valid Studio subscription. Together with the Licenses, the original purchaser is granted a one-year subscription from the date of purchase. Upon expiration, you must renew your license subscription to continue to be entitled to receive SOFTWARE and/or the Studio Products revisions as the case may be.

6. Serial Number. With your license, you will be issued a unique serial number (the "Serial Number") used for the activation of the SOFTWARE. The Serial Number is subject to the restrictions set forth in this EULA and may not be disclosed or distributed either with your Developed Software or in any other way. The disclosure or distribution of the Serial Number constitutes a breach of this EULA, the effect of which shall be the immediate termination and revocation of all the rights granted herein.

7. Evaluation Copy. If you are using an "evaluation copy", specifically designated as such by C1 on its website or elsewhere, then the Licenses are limited as follows: a) you are granted a license to use the SOFTWARE for a period of thirty (30) days counted from the day of installation (the "Evaluation Period"); b) upon completion of the Evaluation Period, you shall either i) delete the SOFTWARE from the computer containing the installation, or you may ii) obtain a paid license of the SOFTWARE from C1 or any of its resellers; and c) any Developed Software developed with the Evaluation Copy may not be distributed or used for any commercial purpose.

### III. SOURCE CODE LICENSE.

As provided in more detail herein, if you separately acquire a license to the SOFTWARE'S Source Code, this EULA grants you a license to use the SOFTWARE's source code ( the "Source Code") for purposes of education and as supplementary documentation of the SOFTWARE (the "Source Code License"). For avoidance of doubt, the Source Code is not routinely delivered with the SOFTWARE and its license must be purchased separately.

#### Your Source Code License.

License to Use Source Code of SOFTWARE for purposes of supplementing the documentation provided with the SOFTWARE and education. You acknowledge and agree that the Source Code is confidential property of C1 and that it contains valuable and proprietary trade secrets of C1. You agree to make any and all commercially reasonable efforts to warrant the confidentiality of the Source Code; and that such Source Code will only be disclosed to those within your organization with a clear and definitive need to know, and that such individuals will be bound by terms of confidentiality that are no less in scope than those applicable to your own confidential materials. By disclosing the Source Code to an individual within your organization, you assume any and all civil, financial and/or criminal responsibilities for all uses, or misuses of Source Code by any such employee, officer, representative, contractor or other third party.

You may only view, and use the Source Code subject to the terms and conditions below:

The Source Code is provided to you and your Developers for the sole purposes of supplementing the documentation of the SOFTWARE and for your education, so as to enable you to understand the operation of the SOFTWARE at a source code level. You expressly do not have, and are not granted the right to use the Source Code to create any derivative works or to modify the SOFTWARE or its Source Code in any way.

Under no circumstances may the Source Code or any portion thereof be distributed, disclosed or otherwise made available to any third party outside of your organization.

C1 shall retain all right, title and interest in and to the licensed Source Code, and all C1 updates, modifications or enhancements thereof. Nothing herein shall be deemed to transfer any ownership or title rights in and to the licensed Source Code from C1 to you.

THE SOURCE CODE IS LICENSED TO YOU AS IS. C1 DOES NOT AND SHALL NOT PROVIDE YOU WITH ANY TECHNICAL SUPPORT, OR ANY AUTOMATIC UPDATES OR UPGRADES FOR YOUR SOURCE CODE LICENSE.

### IV. INTELLECTUAL PROPERTY.

Copyright. You agree that all right, title, and interest in and to the SOFTWARE (including, but not limited to, any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE), and any copies of the SOFTWARE, and any copyrights and other intellectual properties therein or related thereto are owned exclusively by C1, except to the limited extent that C1 may be the rightful license holder of certain third-party technologies incorporated into the SOFTWARE. The SOFTWARE is protected by copyright laws and

international treaty provisions. The SOFTWARE is licensed to you, not sold to you. C1 reserves all rights not otherwise expressly and specifically granted to you in this EULA.

**Backups.** You may make a copy of the SOFTWARE solely for backup or archival purposes. Notwithstanding the foregoing, you may not copy the printed Documentation.

**General Limitations.** You may not reverse engineer, decompile, or disassemble the SOFTWARE, except and only to the extent that applicable law expressly permits such activity notwithstanding this limitation.

**Software Transfers.** You may not rent or lease the SOFTWARE. You may permanently transfer all of your rights under the EULA, provided that you retain no copies, that you transfer all the SOFTWARE (including all component parts, the media and printed materials, any updates, upgrades, this EULA and, if applicable, the Certificate of Authenticity), and that the transferee agrees to be bound by the terms of this EULA. If the SOFTWARE is an update or upgrade, any transfer must include all prior versions of the SOFTWARE.

**Termination.** Without prejudice to any other rights it may have, C1 may terminate this EULA and the Licenses if you fail to comply with the terms and conditions contained herein. In such an event, you must destroy all copies of the SOFTWARE and all of its component parts.

**Export Restrictions.** You acknowledge that the SOFTWARE is of U.S. origin. You acknowledge that the license and distribution of the SOFTWARE is subject to the export control laws and regulations of the United States of America, and any amendments thereof, which restrict exports and re-exports of software, technical data, and direct products of technical data, including services and Developed Software. You agree that you will not export or re-export the SOFTWARE or any Developed Software, or any information, documentation and/or printed materials related thereto, directly or indirectly, without first obtaining permission to do so as required from the United States of America Department of Commerce's Bureau of Industry and Security ("BIS"), or other appropriate governmental agencies, to any countries, end-users, or for any end-uses that are restricted by U.S. export laws and regulations, and any amendments thereof, which include, but are not limited to: Restricted Countries, Restricted End-Users, and Restricted End-Uses.

These restrictions change from time to time. You represent and warrant that neither the BIS nor any other United States federal agency has suspended, revoked or denied your export privileges. C1 acknowledges that it shall use reasonable efforts to supply you with all reasonably necessary information regarding the SOFTWARE and its business to enable you to fully comply with the provisions of this Section. If you have any questions regarding your obligations under United States of America export regulations, you should contact the Bureau of Industry and Security, United States Department of Commerce, Exporter Counseling Division, Washington DC. U.S.A. (202) 482-4811, <<http://www.bis.doc.gov>>.

**7. U.S. Government Restricted Rights.** The SOFTWARE and documentation are provided with RESTRICTED RIGHTS. You will comply with any requirements of the Government to obtain such RESTRICTED RIGHTS protection, including without limitation, the placement of any restrictive legends on the SOFTWARE, and any license agreement used in connection with the distribution of the SOFTWARE. Manufacturer is ComponentOne, LLC, 201 South Highland Avenue , 3rd Floor, Pittsburgh, Pennsylvania 15206 USA. For solicitations issued by the Government on or after December 1, 1995 and the Department of Defense on or after September 29, 1995, the only rights provided in the software and documentation provided herein shall be those contained in this EULA. Under no circumstances shall C1 be obligated to comply with any Governmental requirements regarding the submission of or the request for exemption from submission of cost or pricing data or cost accounting requirements. For any distribution of the SOFTWARE that would require compliance by C1 with the Government's requirements relating to cost or pricing data or cost accounting requirements, you must obtain an appropriate waiver or exemption from such requirements for the benefit of C1 from the appropriate Government authority before the distribution and/or license of the SOFTWARE to the Government.

## V. WARRANTIES AND REMEDIES.

Limited Warranty. C1 warrants that the original media, if any, are free from defects for ninety (90) days from the date of delivery of the SOFTWARE. C1 also warrants that: (i) it has the full power to enter into this Agreement and grant the license rights set forth herein; (ii) it has not granted and will not grant any rights in the Software to any third party which grant is inconsistent with the rights granted to you in this Agreement; and (iii) the Software does not and will not infringe any trade secret, copyright, trademark or other proprietary right held by any third party and does not infringe any patent held by any third party. EXCEPT AS OTHERWISE PROVIDED IN THE PRECEDING SENTENCE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, C1 EXPRESSLY DISCLAIMS ANY WARRANTY FOR THE SOFTWARE, DOCUMENTATION AND ANYTHING ELSE PROVIDED BY C1 HEREBY AND C1 PROVIDES THE SAME IN "AS IS" CONDITION WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK ARISING OUT OF USE OR PERFORMANCE OF THE SOFTWARE AND DOCUMENTATION REMAINS WITH YOU. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHERS WHICH VARY FROM STATE TO STATE.

C1 HEREBY REPRESENTS THAT THE SOFTWARE LICENSED HERewith IS ONLY INTENDED TO RUN AND OPERATE IN ACCORDANCE WITH ITS DOCUMENTATION, IN THE MICROSOFT VISUAL STUDIO DEVELOPMENT ENVIRONMENT, WHICH IS THE DEVELOPMENT ENVIRONMENT FOR WHICH C1 PROVIDES TECHNICAL SUPPORT. NOTWITHSTANDING THE FOREGOING, WHILE THE SOFTWARE MAY RUN AND OPERATE CONSISTENTLY WITH ITS DOCUMENTATION IN OTHER CONTAINERS OR DEVELOPMENT ENVIRONMENTS, WHETHER AS A STAND ALONE SOFTWARE LIBRARY OR AS A NESTED CONSTITUENT OF A CONTROL OR APPLICATION, C1 EXPRESSLY MAKES NO SUCH REPRESENTATION. DEVELOPMENT ENVIRONMENTS, APPLICATIONS AND/OR CONTAINERS OTHER THAN MICROSOFT VISUAL STUDIO ARE DEEMED TO BE NON-STANDARD CONTAINERS FOR WHICH DIFFERENT LICENSING TERMS MAY APPLY. BECAUSE SOME STATES/JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES IN CERTAIN CASES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

VI. MISCELLANEOUS.

This is the Entire Agreement. This EULA (including any addendum to this EULA included with the SOFTWARE) is the final, complete and exclusive statement of the entire agreement between you and C1 relating to the SOFTWARE. This EULA supersedes any prior and contemporaneous proposals, purchase orders, advertisements, and all other communications in relation to the subject matter of this EULA, whether oral or written. No terms or conditions, other than those contained herein, and no other understanding or agreement which in any way modifies these terms and conditions, shall be binding upon the parties unless entered into in writing executed between the parties, or by other non-oral manner of agreement whereby the parties objectively and definitively act in a manner to be bound (such as by continuing with an installation of the SOFTWARE, etc.). Employees, agents and other representatives of C1 are not permitted to orally modify this EULA.

You Indemnify C1. You agree to indemnify, hold harmless, and defend C1 and its suppliers and resellers from and against any and all claims or lawsuits, including attorney's fees, which arise out of or result from your distribution of your Developed Software, your Developed Web Server Software or from your breach of any of the terms and conditions of this EULA.

Interpretation of this EULA. If for any reason a court of competent jurisdiction finds any provision of this EULA, or any portion thereof, to be unenforceable, that provision of this EULA will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this EULA will continue in full force and effect. Formatives of defined terms shall have the same meaning of the defined term. Failure by either party to enforce any provision of this EULA will not be deemed a waiver of future enforcement of that or any other provision. Except as otherwise required or superseded by law, this EULA is governed by the laws of the Commonwealth of Pennsylvania, without regard to its conflict of laws principles. The parties consent to the personal jurisdiction and venue of the Commonwealth of Pennsylvania, in the County of Allegheny, and agree that any legal proceedings arising out of this EULA shall be conducted solely in such Commonwealth. If the SOFTWARE was acquired outside the United States, then local law may apply.

### **The GNU General Public License (GPL) Version 2, June 1991**

Copyright (C) 1989, 1991 Free Software Foundation, Inc.  
59 Temple Place, Suite 330, Boston, MA 02111-1307 USA  
Everyone is permitted to copy and distribute verbatim copies  
of this license document, but changing it is not allowed.

#### **Preamble**

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Library General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

#### TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The "Program", below, refers to any such program or work, and a "work based on the Program" means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term "modification".) Each licensee is addressed as "you".

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

You may copy and distribute verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.

You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.

If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,

Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place

counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

#### NO WARRANTY

BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

#### END OF TERMS AND CONDITIONS

#### How to Apply These Terms to Your New Programs

If you develop a new program, and you want it to be of the greatest possible use to the public, the best way to achieve this is to make it free software which everyone can redistribute and change under these terms.

To do so, attach the following notices to the program. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

one line to give the program's name and a brief idea of what it does.  
Copyright (C)

This program is free software; you can redistribute it and/or modify it under the terms of the GNU General Public License as published by the Free Software Foundation; either version 2 of the License, or (at your option) any later version.

This program is distributed in the hope that it will be useful,  
but WITHOUT ANY WARRANTY; without even the implied warranty of  
MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the  
GNU General Public License for more details.

You should have received a copy of the GNU General Public License  
along with this program; if not, write to the Free Software  
Foundation, Inc., 59 Temple Place, Suite 330, Boston, MA 02111-1307 USA

Also add information on how to contact you by electronic and paper mail.

If the program is interactive, make it output a short notice like this when it starts in an interactive mode:

Gnomovision version 69, Copyright (C) year name of author  
Gnomovision comes with ABSOLUTELY NO WARRANTY; for details  
type `show w'. This is free software, and you are welcome  
to redistribute it under certain conditions; type `show c'  
for details.

The hypothetical commands `show w' and `show c' should show the appropriate parts of the  
General Public License. Of course, the commands you use may be called something other than  
`show w' and `show c'; they could even be mouse-clicks or menu items--whatever suits your  
program.

You should also get your employer (if you work as a programmer) or your school, if any, to sign a  
"copyright disclaimer" for the program, if necessary. Here is a sample; alter the names:

Yoyodyne, Inc., hereby disclaims all copyright  
interest in the program `Gnomovision'  
(which makes passes at compilers) written  
by James Hacker.

Ty Coon, President of Vice

This General Public License does not permit incorporating your program into proprietary  
programs. If your program is a subroutine library, you may consider it more useful to permit  
linking proprietary applications with the library. If this is what you want to do, use the GNU Library  
General Public License instead of this License.

## Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public Licenses are intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users.

This license, the Lesser General Public License, applies to some specially designated software packages--typically libraries--of the Free Software Foundation and other authors who decide to use it. You can use it too, but we suggest you first think carefully about whether this license or the ordinary General Public License is the better strategy to use in any particular case, based on the explanations below.

When we speak of free software, we are referring to freedom of use, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish); that you receive source code or can get it if you want it; that you can change the software and use pieces of it in new free programs; and that you are informed that you can do these things.

To protect your rights, we need to make restrictions that forbid distributors to deny you these rights or to ask you to surrender these rights. These restrictions translate to certain responsibilities for you if you distribute copies of the library or if you modify it.

For example, if you distribute copies of the library, whether gratis or for a fee, you must give the recipients all the rights that we gave you. You must make sure that they, too, receive or can get the source code. If you link other code with the library, you must provide complete object files to the recipients, so that they can relink them with the library after making changes to the library and recompiling it. And you must show them these terms so they know their rights.

We protect your rights with a two-step method: (1) we copyright the library, and (2) we offer you this license, which gives you legal permission to copy, distribute and/or modify the library.

To protect each distributor, we want to make it very clear that there is no warranty for the free library. Also, if the library is modified by someone else and passed on, the recipients should know that what they have is not the original version, so that the original author's reputation will not be affected by problems that might be introduced by others.

Finally, software patents pose a constant threat to the existence of any free program. We wish to make sure that a company cannot effectively restrict the users of a free program by obtaining a restrictive license from a patent holder. Therefore, we insist that any patent license obtained for a version of the library must be consistent with the full freedom of use specified in this license.

Most GNU software, including some libraries, is covered by the ordinary GNU General Public License. This license, the GNU Lesser General Public License, applies to certain designated libraries, and is quite different from the ordinary General Public License. We use this license for certain libraries in order to permit linking those libraries into non-free programs.

When a program is linked with a library, whether statically or using a shared library, the combination of the two is legally speaking a combined work, a derivative of the original library. The ordinary General Public License therefore permits such linking only if the entire combination fits its criteria of freedom. The Lesser General Public License permits more lax criteria for linking other code with the library.

We call this license the "Lesser" General Public License because it does Less to protect the user's freedom than the ordinary General Public License. It also provides other free software developers Less of an advantage over competing non-free programs. These disadvantages are

the reason we use the ordinary General Public License for many libraries. However, the Lesser license provides advantages in certain special circumstances.

For example, on rare occasions, there may be a special need to encourage the widest possible use of a certain library, so that it becomes a de-facto standard. To achieve this, non-free programs must be allowed to use the library. A more frequent case is that a free library does the same job as widely used non-free libraries. In this case, there is little to gain by limiting the free library to free software only, so we use the Lesser General Public License.

In other cases, permission to use a particular library in non-free programs enables a greater number of people to use a large body of free software. For example, permission to use the GNU C Library in non-free programs enables many more people to use the whole GNU operating system, as well as its variant, the GNU/Linux operating system.

Although the Lesser General Public License is Less protective of the users' freedom, it does ensure that the user of a program that is linked with the Library has the freedom and the wherewithal to run that program using a modified version of the Library.

The precise terms and conditions for copying, distribution and modification follow. Pay close attention to the difference between a "work based on the library" and a "work that uses the library". The former contains code derived from the library, whereas the latter must be combined with the library in order to run.

#### TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License Agreement applies to any software library or other program which contains a notice placed by the copyright holder or other authorized party saying it may be distributed under the terms of this Lesser General Public License (also called "this License"). Each licensee is addressed as "you".

A "library" means a collection of software functions and/or data prepared so as to be conveniently linked with application programs (which use some of those functions and data) to form executables.

The "Library", below, refers to any such software library or work which has been distributed under these terms. A "work based on the Library" means either the Library or any derivative work under copyright law: that is to say, a work containing the Library or a portion of it, either verbatim or with modifications and/or translated straightforwardly into another language. (Hereinafter, translation is included without limitation in the term "modification".)

"Source code" for a work means the preferred form of the work for making modifications to it. For a library, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the library.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running a program using the Library is not restricted, and output from such a program is covered only if its contents constitute a work based on the Library (independent of the use of the Library in a tool for writing it). Whether that is true depends on what the Library does and what the program that uses the Library does.

1. You may copy and distribute verbatim copies of the Library's complete source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and distribute a copy of this License along with the Library.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Library or any portion of it, thus forming a work based on the Library, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- a) The modified work must itself be a software library.
- b) You must cause the files modified to carry prominent notices stating that you changed the files and the date of any change.
- c) You must cause the whole of the work to be licensed at no charge to all third parties under the terms of this License.
- d) If a facility in the modified Library refers to a function or a table of data to be supplied by an application program that uses the facility, other than as an argument passed when the facility is invoked, then you must make a good faith effort to ensure that, in the event an application does not supply such function or table, the facility still operates, and performs whatever part of its purpose remains meaningful.

(For example, a function in a library to compute square roots has a purpose that is entirely well-defined independent of the application. Therefore, Subsection 2d requires that any application-supplied function or table used by this function must be optional: if the application does not supply it, the square root function must still compute square roots.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Library, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Library, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Library.

In addition, mere aggregation of another work not based on the Library with the Library (or with a work based on the Library) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may opt to apply the terms of the ordinary GNU General Public License instead of this License to a given copy of the Library. To do this, you must alter all the notices that refer to this License, so that they refer to the ordinary GNU General Public License, version 2, instead of to this License. (If a newer version than version 2 of the ordinary GNU General Public License has appeared, then you can specify that version instead if you wish.) Do not make any other change in these notices.

Once this change is made in a given copy, it is irreversible for that copy, so the ordinary GNU General Public License applies to all subsequent copies and derivative works made from that copy.

This option is useful when you wish to copy part of the code of the Library into a program that is not a library.

4. You may copy and distribute the Library (or a portion or derivative of it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange.

If distribution of object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place satisfies the requirement to distribute the source code, even though third parties are not compelled to copy the source along with the object code.

5. A program that contains no derivative of any portion of the Library, but is designed to work with the Library by being compiled or linked with it, is called a "work that uses the Library". Such a work, in isolation, is not a derivative work of the Library, and therefore falls outside the scope of this License.

However, linking a "work that uses the Library" with the Library creates an executable that is a derivative of the Library (because it contains portions of the Library), rather than a "work that uses the library". The executable is therefore covered by this License. Section 6 states terms for distribution of such executables.

When a "work that uses the Library" uses material from a header file that is part of the Library, the object code for the work may be a derivative work of the Library even though the source code is not. Whether this is true is especially significant if the work can be linked without the Library, or if the work is itself a library. The threshold for this to be true is not precisely defined by law.

If such an object file uses only numerical parameters, data structure layouts and accessors, and small macros and small inline functions (ten lines or less in length), then the use of the object file is unrestricted, regardless of whether it is legally a derivative work. (Executables containing this object code plus portions of the Library will still fall under Section 6.)

Otherwise, if the work is a derivative of the Library, you may distribute the object code for the work under the terms of Section 6. Any executables containing that work also fall under Section 6, whether or not they are linked directly with the Library itself.

6. As an exception to the Sections above, you may also combine or link a "work that uses the Library" with the Library to produce a work containing portions of the Library, and distribute that work under terms of your choice, provided that the terms permit modification of the work for the customer's own use and reverse engineering for debugging such modifications.

You must give prominent notice with each copy of the work that the Library is used in it and that the Library and its use are covered by this License. You must supply a copy of this License. If the work during execution displays copyright notices, you must include the copyright notice for the Library among them, as well as a reference directing the user to the copy of this License. Also, you must do one of these things:

a) Accompany the work with the complete corresponding machine-readable source code for the Library including whatever changes were used in the work (which must be distributed under Sections 1 and 2 above); and, if the work is an executable linked with the Library, with the complete machine-readable "work that uses the Library", as object code and/or source code, so that the user can modify the Library and then relink to produce a modified executable containing the modified Library. (It is understood that the user who changes the contents of definitions files in the Library will not necessarily be able to recompile the application to use the modified definitions.)

b) Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (1) uses at run time a copy of the library already present on the user's computer system, rather than copying library functions into the executable, and (2) will operate properly with a modified version of the library, if the user installs one, as long as the modified version is interface-compatible with the version that the work was made with.

c) Accompany the work with a written offer, valid for at least three years, to give the same user the materials specified in Subsection 6a, above, for a charge no more than the cost of performing this distribution.

d) If distribution of the work is made by offering access to copy from a designated place, offer equivalent access to copy the above specified materials from the same place.

e) Verify that the user has already received a copy of these materials or that you have already sent this user a copy.

For an executable, the required form of the "work that uses the Library" must include any data and utility programs needed for reproducing the executable from it. However, as a special exception, the materials to be distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

It may happen that this requirement contradicts the license restrictions of other proprietary libraries that do not normally accompany the operating system. Such a contradiction means you cannot use both them and the Library together in an executable that you distribute.

7. You may place library facilities that are a work based on the Library side-by-side in a single library together with other library facilities not covered by this License, and distribute such a combined library, provided that the separate distribution of the work based on the Library and of the other library facilities is otherwise permitted, and provided that you do these two things:

a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities. This must be distributed under the terms of the Sections above.

b) Give prominent notice with the combined library of the fact that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

8. You may not copy, modify, sublicense, link with, or distribute the Library except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense, link with, or distribute the Library is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

9. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Library or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Library (or any work based on the Library), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Library or works based on it.

10. Each time you redistribute the Library (or any work based on the Library), the recipient automatically receives a license from the original licensor to copy, distribute, link with or modify the Library subject to these terms and conditions. You may not impose any further restrictions on

the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties with this License.

11. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Library at all. For example, if a patent license would not permit royalty-free redistribution of the Library by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Library.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply, and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

12. If the distribution and/or use of the Library is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Library under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

13. The Free Software Foundation may publish revised and/or new versions of the Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Library does not specify a license version number, you may choose any version ever published by the Free Software Foundation.

14. If you wish to incorporate parts of the Library into other free programs whose distribution conditions are incompatible with these, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

## NO WARRANTY

15. BECAUSE THE LIBRARY IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE LIBRARY, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES

PROVIDE THE LIBRARY "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE LIBRARY IS WITH YOU. SHOULD THE LIBRARY PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

16. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE LIBRARY AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE LIBRARY (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE LIBRARY TO OPERATE WITH ANY OTHER SOFTWARE), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

## END OF TERMS AND CONDITIONS

### How to Apply These Terms to Your New Libraries

If you develop a new library, and you want it to be of the greatest possible use to the public, we recommend making it free software that everyone can redistribute and change. You can do so by permitting redistribution under these terms (or, alternatively, under the terms of the ordinary General Public License).

To apply these terms, attach the following notices to the library. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

one line to give the library's name and an idea of what it does.  
Copyright (C) year name of author

This library is free software; you can redistribute it and/or modify it under the terms of the GNU Lesser General Public License as published by the Free Software Foundation; either version 2.1 of the License, or (at your option) any later version.

This library is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU Lesser General Public License for more details.

You should have received a copy of the GNU Lesser General Public License along with this library; if not, write to the Free Software Foundation, Inc., 59 Temple Place, Suite 330, Boston, MA 02111-1307 USA

Also add information on how to contact you by electronic and paper mail.

You should also get your employer (if you work as a programmer) or your school, if any, to sign a "copyright disclaimer" for the library, if necessary. Here is a sample; alter the names:

Yoyodyne, Inc., hereby disclaims all copyright interest in  
the library 'Frob' (a library for tweaking knobs) written  
by James Random Hacker.

4. INTERNET-BASED SERVICES. Microsoft provides Internet-based services with the software. It may change or cancel them at any time.

a. Consent for Internet-Based Services. The software features described below connect to Microsoft or service provider computer systems over the Internet. In some cases, you will not receive a separate notice when they connect. BY USING THESE FEATURES, YOU CONSENT TO THE TRANSMISSION OF THIS INFORMATION. Microsoft does not use the information to identify or contact you.

Computer Information. The following features use Internet protocols, which send to the appropriate systems computer information, such as your Internet protocol address, the type of operating system, browser and name and version of the software you are using, and the language code of the device where you installed the software. Microsoft uses this information to make the Internet-based services available to you.

· Web Content Features. Features in the software can retrieve related content from Microsoft and provide it to you. To provide the content, these features send to Microsoft the type of operating system, name and version of the software you are using, type of browser and language code of the device where you installed the software. Examples of these features are clip art, templates, online training, online assistance and Appshelp. You may choose not to use these web content features.

To provide this other software, the Extension Manager sends to Microsoft the name and version of the software you are using and language code of the device where you installed the software. This other software is provided by third parties to Visual Studio Gallery. It is licensed to users under terms provided by the third parties, not from Microsoft. Read the Visual Studio Gallery terms of use for more information.

For more information about this feature, including instructions for turning it off, see <http://go.microsoft.com/fwlink/?LinkId=147032>. You may turn off this feature while Silverlight 3 is running ("opt out"). Unless you expressly opt out of this feature, this feature will

(a) connect to Microsoft or service provider computer systems over the Internet, (b) use Internet protocols to send to the appropriate systems standard computer information, such as your computer's Internet protocol address, the type of operating system, browser and name and version of Silverlight you are using, and the language code of the device where you installed Silverlight, and (c) automatically download and install, or prompt you to download and/or install, current Updates to Silverlight. In some cases, you will not receive a separate notice before this feature takes effect. By installing the software, you consent to the transmission of standard computer information and the automatic downloading and installation of Updates.

b. Microsoft Digital Rights Management. If you use Silverlight to access content that has been protected with Microsoft Digital Rights Management (DRM), in order to let you play the content, the software may automatically request media usage rights from a rights server on the Internet and download and install available DRM Updates. 15. SUPPORT SERVICES. Microsoft provides support services for the software as described at [www.support.microsoft.com/common/international.aspx](http://www.support.microsoft.com/common/international.aspx). Such support will be subject to the following clarification related to jQuery and jQuery Validation. The software may contain the jQuery javascript library and the jQuery validation javascript library, which is licensed under the MIT License. For a copy

of that license please see [www.opensource.org/licenses/mit-license.php](http://www.opensource.org/licenses/mit-license.php). We do not claim to "own" jQuery or jQuery Validation. While we offer our regular support options for the rest of the Microsoft software, the support we offer for jQuery and jQuery Validation will be as follows:

- Support is for the particular jQuery and jQuery Validation code that is included in the software, and only for requests from users of the software.
- We will take in customer inquiries. We will, at our option, submit bug fixes to the jQuery or jQuery Validation team on behalf of our customers.
- Support does not include feature requests. For feature requests, we will direct you to contact the jQuery or jQuery Validation team directly.
- Support does not include distribution of fixes broadly, such as via a Service Level Agreement. We may, however, provide targeted fixes to our customers on a case-by-case basis or suggest a fix so that customers can apply it at their own discretion.
- If jQuery or jQuery Validation is discontinued as an ongoing project, then our ability to support it will also need to end at that time. We may also choose to discontinue this support for any other reason.

16. ENTIRE AGREEMENT. This agreement (including the warranty below), and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.

17. APPLICABLE LAW.

a. United States. If you acquired the software in the United States, Washington state law governs the interpretation of this agreement and applies to claims for breach of it, regardless of conflict of laws principles. The laws of the state where you live govern all other claims, including claims under state consumer protection laws, unfair competition laws, and in tort.

b. Outside the United States. If you acquired the software in any other country, the laws of that country apply.

18. LEGAL EFFECT. This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the party from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.

19. LIMITATION ON AND EXCLUSION OF DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO THE AMOUNT YOU PAID FOR THE SOFTWARE. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES.

This limitation applies to

- anything related to the software, services, content (including code) on third party Internet sites, or third party programs; and

- claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law. It also applies even if

- repair, replacement or a refund for the software does not fully compensate you for any losses; or

- Microsoft knew or should have known about the possibility of the damages.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. They also may not apply to you because your country may not allow the exclusion or limitation of incidental, consequential or other damages.

B. TERM OF WARRANTY; WARRANTY RECIPIENT; LENGTH OF ANY IMPLIED WARRANTIES. THE LIMITED WARRANTY COVERS THE SOFTWARE FOR ONE YEAR AFTER ACQUIRED BY THE FIRST USER. IF YOU RECEIVE SUPPLEMENTS, UPDATES, OR REPLACEMENT SOFTWARE DURING THAT YEAR, THEY WILL BE COVERED FOR THE REMAINDER OF THE WARRANTY OR 30 DAYS, WHICHEVER IS LONGER. If the first user transfers the software, the remainder of the warranty will apply to the recipient.

TO THE EXTENT PERMITTED BY LAW, ANY IMPLIED WARRANTIES, GUARANTEES OR CONDITIONS LAST ONLY DURING THE TERM OF THE LIMITED WARRANTY. Some states do not allow limitations on how long an implied warranty lasts, so these limitations may not apply to you. They also might not apply to you because some countries may not allow limitations on how long an implied warranty, guarantee or condition lasts.

C. EXCLUSIONS FROM WARRANTY. This warranty does not cover problems caused by your acts (or failures to act), the acts of others, or events beyond Microsoft's reasonable control.

D. REMEDY FOR BREACH OF WARRANTY. MICROSOFT WILL REPAIR OR REPLACE THE SOFTWARE AT NO CHARGE. WHERE ALLOWED BY YOUR LOCAL LAWS, MICROSOFT EXCLUDES IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. If your local laws give you any implied warranties, guarantees or conditions, despite this exclusion, your remedies are described in the Remedy for Breach of Warranty clause above, to the extent permitted by your local laws.

H. LIMITATION ON AND EXCLUSION OF DAMAGES FOR BREACH OF WARRANTY. THE LIMITATION ON AND EXCLUSION OF DAMAGES CLAUSE ABOVE APPLIES TO BREACHES OF THIS LIMITED WARRANTY.

In no event will Oracle's liability to you, whether in contract, tort (including negligence), or otherwise, exceed the amount paid by you for Software under this Agreement. The foregoing limitations will apply even if the above stated warranty fails of its essential purpose. Some states do not allow the exclusion of incidental or consequential damages, so some of the terms above may not be applicable to you.

7. TERMINATION. This Agreement is effective until terminated. You may terminate this Agreement at any time by destroying all copies of Software. 13. INTEGRATION. This Agreement is the entire agreement between you and Oracle relating to its subject matter. It supersedes all prior or contemporaneous oral or written communications, proposals, representations and warranties and prevails over any conflicting or additional terms of any quote, order, acknowledgment, or other communication between the parties relating to its subject matter during the term of this Agreement. No modification of this Agreement will be binding, unless in writing and signed by an authorized representative of each party.

## **ePublisher End User License Terms**

### **Electronic End User License Agreement**

NOTICE TO END USER: THIS ELECTRONIC END USER LICENSE AGREEMENT ("EEULA") IS A CONTRACT BETWEEN YOU (either as an individual person or a single legal entity, who will be referred to in this EEULA as "You") AND QUADRALAY CORPORATION ("QUADRALAY"). BY INDICATING YOUR ACCEPTANCE BELOW, YOU ACCEPT ALL THE TERMS AND CONDITIONS OF THIS EEULA.

This EEULA accompanies and upon acceptance becomes a legal agreement related to a Quadralay software product ("Software") and related explanatory materials ("Documentation"). The term "Software" shall also include any upgrades, modified versions, updates, additions and copies of the Software licensed to you by Quadralay (The Software and Documentation collectively may be referred to herein as this "package").

This EEULA is a license agreement and not an agreement for sale. Quadralay continues to own the copy of the Software and the physical media contained in this package and any other copy that you are authorized to make pursuant to this Agreement. Unless otherwise agreed in writing by Quadralay, this EEULA applies to any Software or Documentation obtained by you from Quadralay, whether by means of physical media or in electronic form by download. Subject to your payment of the applicable license fees, and further subject to your acceptance of this EEULA, Quadralay grants to you a nonexclusive license to use the Software and Documentation, on the following terms and conditions:

#### **Use of the software**

You may install the Software in a single location on a hard disk or other storage device of a computer, multiple computers or a server.

You agree to pay Quadralay the applicable charges for this nonexclusive license as specified in the applicable Quadralay schedule of prices or fees.

You acknowledge and understand that the fee schedule under this EEULA is scalable, such that license fees are determined based upon the number of users to whom you give access, as defined in subparagraph 1.D.

A "user" under this EEULA shall include any one who installs and uses the software.

This clause removed (9/1/09)

**Business Use.** This License is personal to the Licensee. Unless covered under the terms of a separate Agreement with Quadralay, Licensee shall only use the Software for its internal business purposes. Licensee shall not sell, rent, lend, lease, license, sublicense, time share, assign, act as an application service provider or bureau service or otherwise collect fees or grant access to persons outside the Licensee's organization, except as permitted pursuant to Clause 3 (Transfer of Software).

You may display, modify, reproduce and distribute any visual or text content that is the result of the Software's publishing operation to the destination where output files are created (but not the Software or Documentation), in whole or in part, that is included with the Software (unless a specific notice indicates to the contrary). Such content may not be used in the production of lewd, obscene or pornographic material. You hereby agree to indemnify, to hold harmless and to defend Quadralay against any claims or lawsuits, including attorney's fees, that arise from the manner in which you display, modify, reproduce or distribute any such content.

You may make one backup copy of the Software, provided your backup copy is not installed or used on any computer. Backup copies must include the copyright, trademark, and other proprietary markings that are found on the original.

**HOME USE.** For the Software labeled "ePublisher Express" or "ePublisher Pro" or "ePublisher Designer", the primary user of the computer on which the Software is installed or used may also install the Software on one home or portable computer for use by him or her in connection with your business, but not for use for or on behalf of third parties or for personal use.

**TRAINING.** This software is not to be used for any public or on-site training classes unless authorized in writing.

**Copyright.** The Software is owned by Quadralay and its suppliers, and its structure, organization and code are the valuable trade secrets of Quadralay and its suppliers. The Software is also protected by United States Copyright Law and International Treaty provisions. You may not copy the Software or the Documentation, except as set forth in the "Use of the Software" section. Any whole or partial copies that you are permitted to make pursuant to this EEULA must contain the same copyright and other proprietary notices that appear on or in the Software or Documentation. You agree not to modify, adapt or translate the Software except as may be expressly permitted under the European Directive on the Legal Protection of Computer Programs (14 May 1991) ("the Directive") without possibility of waiver. You also agree not to reverse-engineer, decompile, disassemble or otherwise attempt to discover the source code of the Software or reverse-engineer templates, except as may be expressly required to be permitted under the Directive. Trademarks shall be used in accordance with accepted trademark practice, including identification of trademark owner's name. Trademarks can only be used to identify printed output produced by the Software. Such use of any trademark does not give you any rights of ownership in that trademark. Except as stated above, this Agreement does not grant you any intellectual property rights in the Software.

**Transfer.** You may not rent, lease, sublicense or lend the Software or Documentation. You may, however, transfer all your rights to use the Software and Documentation to another person or legal entity provided that (i) you transfer this Agreement, the Software, including all copies, updates and prior versions and all copies of font software converted into other formats, and the Documentation to such person or entity, (ii) you retain no copies, including copies stored on a computer, and (iii) that the receiving party agrees by prior notice in writing to Quadralay to be bound by the terms and conditions of this EEULA.

**Multiple Environment Software / Multiple language Software / Dual Media Software / Multiple Copies / Upgrades.** If this package contains, or, in connection with the acquisition of the Software contained in this package you receive, two or more operating environment versions of the Software (e.g. two or more language translation versions of the Software, the same Software on two or more media [e.g., diskettes and a CD-ROM]), and/or you otherwise receive two or more copies of the Software, all such versions and copies of the Software are subject to this EEULA.

You may make one back-up copy, in accordance with the terms of this Agreement, for each version of the Software you use. You may not rent, lease, sublicense, lend or transfer versions or copies of the Software you do not use, or Software contained on any unused media, except as part of the permanent transfer of all Software and Documentation as described above. If you acquire an upgrade or update for Software, you may use the previous version for ninety (90) days after you receive the new version in order to assist you in the transition to the new version, after which time you no longer have a license to use the previous version.

**Support Services.** Quadralay may provide you with support services related to the Software ("Support Services"). The provision and use of any such Support Services will be pursuant to Quadralay policies as described in the Documentation, in "online documentation", or in other Quadralay materials. There may be an additional fee for Support Services. You acknowledge and agree that Quadralay may use technical information you provide related to the Software and/or the Documentation for its business purposes, including for product support and development.

**Audit.** The fee schedule under this EEULA is scaleable, based upon the number of physical installations of the Software. Quadralay shall have the right to audit use of the Software upon its request, no more than once annually, with reasonable notice and during normal business hours. Quadralay shall keep compliance information confidential, except as may be necessary to enforce the license. Such an audit shall be at Quadralay's expense, unless the audit reveals a more than 10% discrepancy between the license fees paid and the license fees due, in which case Licensee shall pay the reasonable expense of the audit.

**Limited Warranty.** Quadralay warrants to you that the Software will perform substantially in accordance with the Documentation for the thirty (30) day period following your receipt of the Software. To make a warranty claim, you must return the Software to the location where you obtained it, or if you downloaded it, provide affirmation in writing that you have destroyed all copies of the Software and Documentation, along with a copy of your sales receipt within such thirty (30) day period. If the Software does not perform substantially in accordance with the Documentation, the entire and exclusive liability and remedy shall be limited to either, at Quadralay's option, the replacement of the Software or the refund of the license fee you paid for the Software. QUADRALAY AND ITS SUPPLIERS DO NOT AND CANNOT WARRANT THE PERFORMANCE OR RESULTS YOU MAY OBTAIN BY USING THE SOFTWARE OR DOCUMENTATION. THE FOREGOING STATES THE SOLE AND EXCLUSIVE REMEDIES FOR QUADRALAY'S OR SUPPLIERS' BREACH OF WARRANTY. EXCEPT FOR THE FOREGOING LIMITED WARRANTY, QUADRALAY AND ITS SUPPLIERS MAKE NO WARRANTIES, EXPRESS OR IMPLIED, AS TO NONINFRINGEMENT OF THIRD PARTY RIGHTS, MERCHANTABILITY, OR FITNESS FOR ANY PARTICULAR PURPOSE. QUADRALAY PROVIDES THE SOFTWARE, DOCUMENTATION AND SUPPORT SERVICES, IF ANY, AS IS AND WITH ALL FAULTS. Some states or jurisdictions do not allow the exclusion of implied warranties or limitations on how long an implied warranty may last, so the above limitations may not apply to you. To the extent permissible, any implied warranties that cannot be excluded are limited to DEFECTS DISCOVERED DURING THE PERIOD OF THE LIMITED WARRANTY (THIRTY (30) DAYS); AS TO ANY DEFECTS DISCOVERED AFTER THE THIRTY (30) DAY PERIOD, THERE IS NO WARRANTY OR CONDITION OF ANY KIND. This warranty gives you specific legal rights. You may have other rights which vary from state to state or jurisdiction to jurisdiction.

**Limitation of Liability.** IN NO EVENT WILL QUADRALAY OR ITS SUPPLIERS BE LIABLE TO YOU FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES, INCLUDING ANY LOST PROFITS, LOSS OF DATA, LOSS OF USE, BUSINESS INTERRUPTION, OR LOST SAVINGS, EVEN IF A QUADRALAY REPRESENTATIVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, OR FOR ANY CLAIM BY ANY THIRD PARTY. Some states or jurisdictions do not allow the exclusion or limitation of incidental, consequential or special damages, so the above limitations may not apply to you.

**Governing Law and General Provision.**

**Governing Law.** This Agreement will be governed by the laws in force in the State of Texas excluding the application of its conflicts of law rules. This Agreement will not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. If any part of this Agreement is found void and unenforceable, it will

not affect the validity of the balance of the Agreement, which shall remain valid and enforceable according to its terms. You agree that the Software will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations.

**Term of Agreement.** This EEULA becomes effective when accepted by you or when you act to install, copy, download, access or otherwise use the Software, whichever occurs first; in any such event you agree to be bound by the terms of this EEULA. Unless terminated by Quadralay pursuant to its terms, the EEULA will remain in effect pursuant to its terms as long as you possess, access or otherwise use the Software, the Documentation or any components of either the Software or the Documentation.

**Termination.** Without prejudice to any other rights, Quadralay may terminate this EEULA if you fail to comply with the terms and conditions of the EEULA. In event of such termination, upon receipt of written notice of termination, you must immediately destroy all copies of the Software and Documentation and any component parts of such copies.

**Entire Agreement.** This Agreement may only be modified in writing signed by an authorized officer of Quadralay. This is the entire agreement between Quadralay and you relating to the Software and the Documentation, and it supersedes any prior representations, discussions, undertakings, end user license agreements, communications or advertising relating to the Software and the Documentation. To the extent the terms of any Quadralay policies or programs for support services may conflict with the terms of this EEULA, the terms of this EEULA shall control.

**Reservation of Rights.** All rights related to the Software and Documentation not expressly granted are reserved by Quadralay.

**Notice to United States Government End Users.** The Software and Documentation are "Commercial Items," as that term is defined at 48 C.F.R. §2.101, consisting of "Commercial Computer Software" and "Commercial Computer Software Documentation," as such terms are used in 48 C.F.R. §12.212 or 48 C.F.R. §227.7202, as applicable.
