Available services can vary on your printer setup. For details about services and settings, see the *User Guide*.

- **Menus**
  - **Services Home** displays main services, such as copy, scan, and fax.
  - **Services** returns to the active service from the Job Status or Machine Status screens, or to a preset service.
  - **Job Status** displays active, held, and completed jobs.
  - **Machine Status** displays settings and information.

- **Alphanumeric keypad**
  - **Alphanumeric keys** are used for entering copy quantities, fax numbers, and other numeric information.
  - **C (clear)** deletes numeric values or the last digit entered.
  - **Dial Pause** inserts a pause in a telephone number when transmitting a fax.

- **Touch screen**
  - **Ink Access Door Release**

- **Job controls**
  - **Log In/Out** accesses password-protected features.
  - **Help (?)** displays additional information about the current selection or service.
  - **Language** changes the touch screen language and keyboard settings.
  - **Power Saver** enters or exits Energy Saver mode or Quick Restart screen.

- **Clear All** clears previous and changed settings for the current service. Press twice to reset all defaults and clear existing scans.

- **Start** starts the selected job.

- **Stop** temporarily stops the current job. Follow the onscreen instructions to cancel or resume your job.

- **Interrupt Print** pauses the currently printing job to run a more urgent job.
The Machine Status menu provides access to supplies status, printer information, and settings. Some menus and settings require log in using the administrator name and password.

Billing and Usage Information

In the Machine Status menu, touch the **Billing Information** tab for basic impression counts. Touch the **Usage Counters** button for detailed usage counts. The drop-down menu provides more count categories. See the *User Guide* for a detailed explanation of Color Levels 1–3.
Optional accessories can be part of your printer setup. For details, see the *User Guide*.

- Duplex Automatic Document Feeder
- 650-Sheet Finisher
- USB Port
- Convenience Stapler
- 525-Sheet Feeder
- 1800-Sheet High-Capacity Feeder
- Paper Trays
- Ink Loader
- Cleaning Unit
- Waste Ink Tray
- 1800-Sheet High-Capacity Feeder

To save ink, leave the printer turned on at all times. To restart using Quick Restart, press the **Power Saver** button to wake the printer if necessary, then press it again. Touch **Quick Restart** on the touch screen, then touch **Restart**. If the process does not begin within 30 seconds, restart using the power switch.
Xerox® ColorQube® 8700 / 8900

Paper Handling

For a complete list of paper that works with your printer, see the Recommended Media List at:
www.xerox.com/paper (U.S./Canada)
www.xerox.com/europaper

For details about trays and paper, see the User Guide.

Loading Paper

1. Confirm or change size and type settings as needed.
2. When printing, select options in the print driver.
3. For best results, fan the edges of the paper. Adjust guides to fit the paper size. Do not load paper above the maximum fill line.

Copying

For details, see the Copying chapter in the User Guide located on your Software and Documentation disc or online.

1

- **60–120 g/m²** (16–32 lb. Bond)
- **X: 148–216 mm (5.8–8.5 in.)**
- **Y: 210–356 mm (8.3–14.0 in.)**
- **≤50** (80 g/m²)

Load the original.

2

**2.1**

Press Services Home, then touch Copy.

**2.2**

Clear All clears previous and changed settings for the current service.
Adjust the job quantity and select desired copy settings.

Press Start.

Stop temporarily stops the current job. Follow the onscreen message to cancel or resume your job.

Interrupt Print pauses the currently printing job to run a more urgent job.
Scanning and Emailing

The printer is connected typically to a network rather than a single computer, so you select a destination for the scanned image at the printer.

This guide covers techniques to scan documents without preparing special setups:

- Scanning documents to an email address.
- Scanning documents to a saved Favorite, Address Book listing, or USB Flash drive.
- Scanning documents to the Public folder on the printer hard drive, and retrieving them using your Web browser.

For details and more scan setups, see the Scanning chapter in the User Guide. For details about address book and workflow template setup, see the System Administrator Guide.

1

Load the original.

2

Press Services Home, then touch Email for emailing the scan, or Workflow Scanning to scan to the _PUBLIC folder or a USB Flash drive. Touch Scan To if your scan destination is stored in the Address Book or saved as a Favorite.

Clear All clears previous and changed settings for the current service.

© 2013 Xerox Corporation. All Rights Reserved. Xerox® and Xerox and Design® are trademarks of Xerox Corporation in the United States and/or other countries.
For Email, touch **New Recipient**, then enter the address using the touch screen keypad. Touch **+Add** to add addresses to the list, then touch **Close**.

Use the Address Book or Favorites to enter saved email addresses.

For Workflow Scanning, touch **_PUBLIC**, or insert your USB Flash drive and touch **USB**.

For Scan To, touch **Favorites** or **Address Book** to enter saved email addresses.

Change the settings as needed.

Press **Start**.

**Stop** temporarily stops the current job.
Retrieving Scan files

To retrieve your scanned images from the _PUBLIC folder, use CentreWare Internet Services to copy the scan files from the printer to your computer. You can also use CentreWare Internet Services to set up personal mailboxes and workflow scanning templates. For details, see the Help in CentreWare Internet Services.

1

Note the printer IP address on the touch screen.

If the IP Address does not show in the upper left corner of the touch screen, press Machine Status and check the information field.
Type the printer IP address in a Web browser, then press Enter or Return.

Click the Scan tab.

Select the Default Public Folder, then click Go to download the scan.

Click Update View to refresh the list. Select Download to save the file to your computer. Select Reprint to print the saved file again. Select Delete to permanently remove the stored job.
Faxing

You can send a fax in one of four ways:

- **Embedded Fax** scans the document and sends it directly to a fax machine.
- **Server Fax** scans the document and sends it to a fax server, which transmits the document to a fax machine.
- **Internet Fax** scans the document and emails it to a recipient.
- **LAN Fax** sends the current print job as a fax.

For details, see the Faxing chapter in the User Guide. For details about LAN Fax, see the print driver software. For details about fax setup and advanced settings, see the System Administrator Guide.

### 1

60–120 g/m²  
(16–32 lb. Bond)

X: 148–216 mm (5.8–8.5 in.)  
Y: 210–355.6 mm (8.3–14.0 in.)

≤50 (80 g/m²)

Load the original.

### 2

Press Services Home, then touch Fax, Server Fax, or Internet Fax.

Clear All clears previous and changed settings for the current service.
For fax numbers, use the alphanumeric keypad to enter fax numbers. Touch **Dialing Characters** to insert special characters. Touch **+Add** to add additional numbers.

For Internet Fax email addresses, touch **New Recipient**, then enter the address using the touch screen keypad. Touch **+Add** to add addresses to the list, then touch **Close**.

Use the Address Book or Favorites to enter stored numbers or email addresses.

**Change the settings as needed.**

**Press Start.**

**Stop** temporarily stops the current job.
You can print .pdf, .tiff, .ps, and .xps files directly from a USB Flash drive. For more information, see the **Printing** chapter in the *User Guide* located on your *Software and Documentation* disc or online. To set up this feature, see the *System Administrator Guide*.

1. Insert USB Flash drive in the USB port.

2. Press **Services Home**, then touch **Print From**.

3. Touch **USB drive**, then select a file or folder.

Do not remove USB Flash drive during reading. Files may be damaged.
Once the desired file is selected, adjust the job quantity and select desired print settings.

Press Start.

Stop temporarily stops the current job. Follow the onscreen message to cancel or resume your job.

Interrupt Print pauses the currently printing job to run a more urgent job.
