Recommended Materials for DocuColor 5790/5799

For use in the USA and Canada

Revision 2.3, Publish Date: Sept. 27th, 2002

Last Revision 2.2 was published on July 3rd, 2002

For the most recent version of this quarterly published document, visit www.xdss.com, select "Free Downloads", then "Color".

Important Note:

Media recommendations made in this publication are based on qualification tests* conducted using standard test images with moderate to heavy image area coverage.   Test duration for each product/media type is based on the suggested machine monthly copy/print volume. Test machines are maintained within specifications defined by user documentation.

* Testing Environment temperature range of 60-75 deg. F, Relative Humidity range 20-40%.

Machine reliability specifications may be affected by increased usage of Thick Paper mode. In addition, variances in machine reliability may occur due to extended use of some media types. Your Xerox Sales or Service representative can advise you on using Thick Paper mode or special application media types for long duration copy/print runs.

For specifications and a description of the various media types discussed in this publication, please refer to the Color Material Usage Guide (reorder number 701P34322) that comes with your equipment.

WARRANTY DISCLAIMER

Xerox makes no guarantees or warranties, either express or implied, concerning the performance, use or replacement of non-Xerox branded media or throughput products. Customers should inquire directly of their paper distributor or manufacturer for any guarantees they may offer. When purchasing a particular media product for the first time, customers are advised to purchase small quantities to insure that their expectations are met.

The quality of Xerox supplies is consistent from ream to ream, carton to carton, and it is backed by a Xerox 100% guarantee. The quality of non-Xerox branded paper may vary from ream to ream or carton to carton, so for optimum performance on Xerox color equipment, use only the best--Xerox Supplies.

For questions or issues relating to Media, call the Xerox Media Hotline at 1-888-979-9307. For the latest in Xerox Supplies, contact your local Xerox Distributor, or call Xerox at 1-800-822-2200 in the USA, or call 1-800-668-0199 in Canada.
