**Xerox Nuvera Compliance with EU Harmonics Standard
EN 61000-3-12**

“Equipment Complying with EN 61000-3-12:2005”

This equipment complies with EN 61000-3-12:2005 which defines limits for Harmonic currents that may be produced by equipment installed in the European Union and the European Economic Area.

Compliance is based on application of limits which justify installation and unconditional connection to the public low voltage supply.
