# 1. Xerox® Connect App for XMPie®

## Device Requirements

### Xerox® Connect App for XMPie® app for MFD

Throughout this guide, the word “device” is used synonymously and interchangeably with Xerox® ConnectKey® Technology enabled i-Series MFP, AltaLink®, VersaLink®, and PrimeLink® devices.

All devices require the following:

- Xerox Extensible Interface Platform® (EIP) must be enabled to install the app.
- Devices must support EIP 3.5 or higher.
- Security Installation Policy (Weblet Management) must be enabled to allow installation of the App.

Ensure the device is able to communicate with the Internet.

**Note:** Some networks require a proxy to communicate with the Internet.

- If Verification of SSL is enabled on the device, ensure the security certificates are loaded on the device.

**Note:** By default, the Xerox Solutions Certificates are preloaded on all Xerox® ConnectKey® Technology-enabled i-Series MFP, AltaLink®, VersaLink®, and PrimeLink® devices.

For more information on the settings above, refer to [Xerox App Gallery Online Support](#).

## Installing the Xerox® Connect App for XMPie®

To install the Xerox® Connect App for XMPie®, you must have a Xerox App Gallery account. If you do not have access to a Xerox App Gallery account, refer to the [Xerox App Gallery Quick Start Guide](#) for instructions on create an account.

**Note:** For detailed instructions on adding a device and adding or installing apps to your Xerox App Gallery account, see the documentation links at the [Support](#) section of this guide.

## Install Gallery App from the Xerox App Gallery Web Portal

1. Go to [Xerox App Gallery](#).
2. Select **Log In**.
3. Enter a valid Email and Password. Click **Log In**.
4. On the Device tab, add a device, if necessary.
5. On the All Apps tab, select the desired app.
6. Select **Install**.
7. Accept the App End User License Agreement (EULA).
8. A Pre-Configuration is required.
  - a. Enter the SNMP value. It must match the SNMP GET Community Name value from the device located under Properties -> Connectivity -> Setup -> SNMP v1/v2c Properties.
9. Select the devices for which you would like to install the app, then select **Install**.

## Using the Xerox® Connect App for XMPie®

1. Select the Xerox® Connect App for XMPie® that is on your device
  - a. The main screen with Featured Products and Product categories will be displayed
2. Browse the Categories to find the Product you wish to create.
3. Step through the screens to create the job if there are customized fields to be filled out.
  - a. Once completing all entries, "Preview" is available to verify everything is correct.
4. If no fields need to be filled out for a product, the "Print" button will be available on the product detail page.
5. Select Print
6. Once the Print has completed, select the "X" button to go back to the current category.
7. To get to the main list of categories, continue to select the "Back Button" until main page is displayed.

## Using the Search button

1. Select the Xerox® Connect App for XMPie® that is on your device
  - a. The main screen with Featured Products and Product categories will be displayed
2. Select the "Search" button in the upper right corner
3. Enter a word for which to search.
4. Select Enter
  - a. A matching list of products will be returned if the word is found
  - b. From the results, select the product you wish to create
