

September 2008

Dear Xerox EX260 customer:

Your EX260 system can now be upgraded with the **1-YYORO** software kit.

**NOTE:** This patch may be installed by the customer following the enclosed *Installation Instructions*.

**NOTE:** Your system must be at version EX260 v2.0 prior to installing this software.

**CAUTION:** This patch is only for EX260 with the following conditions:

- A. The System Update Log is missing when you print a Configuration Page.
- B. In the System Update screen, there is a message of No Patches Installed and the History screen is blank.

We tested this updated software release specifically for the System Problem Action Requests (SPARs) noted below. If your SPAR number is not listed, we are providing you this software either because you reported a problem that resembles one of the listed fixes or because our testing has shown that this software should resolve your problem. If this software does not resolve your problem, please contact the hotline and provide a detailed job scenario and sample job(s) for further investigation, testing, and resolution.

This software kit contains fixes for the following SPARs:

SPAR Release		SPAR #	Description
<b>SPAR kit version</b>			
1-YYORO	1.	324758645	1-XMDF0 loaded via system updates causes the system update log to be deleted.

**NOTE:** Not all child SPARs will be listed in this letter.
