

Xerox Office Products and Solutions Compatibility with Windows Vista Drivers

Xerox offers a wide variety of printer drivers for the newest operating system from Microsoft - Windows Vista. Xerox printer drivers for Windows Vista are available for most equipment with some soon to be announced. The level of functionality for each printer driver may vary, depending on the equipment's age.

The following table lists various Xerox products and solutions with information regarding Windows Vista driver compatibility and availability. This matrix will be updated periodically as Xerox releases new Vista print drivers.

To access the driver download, go to <http://www.xerox.com/drivers>, select your product, select the Drivers and Downloads link.
