# Introduction

*Xerox DocuShare Enterprise Content Manager* offers businesses a flexible, easy-to-deploy, Web-based software application that delivers sophisticated, yet highly personalized content management capabilities to every knowledge worker.

## Integration Overview

The integration between *FreeFlow Web Services* and *Xerox DocuShare* comprises the following steps:

- 1 Configuring the *DocuShare* server.
- 2 Defining in *Web Services* a connection to *Xerox DocuShare*.
- 3 Printing a document from *DocuShare*; *Web Services* is launched.
- 4 Following the steps in *Web Services* to complete the order.

## Prerequisites

- *Xerox DocuShare* software installed and correctly set up. For information on the *Xerox DocuShare*, refer to the relevant *Xerox User Guides*.
- The integration must be activated on the FlexLM license.

## System Requirements

### ***FreeFlow Web Services* Requirements**

- *FreeFlow Web Services* 6.0
- Integration enabled on the FlexLM license

### **DocuShare Minimum Requirements**

- DocuShare Version 5.0

# Configuring the DocuShare Server

To configure the *DocuShare* server, carry out the following steps:

- 1 Browse to <drive letter>:\Xerox\DocuShare\amber\templates\en.
- 2 Create a directory called "local" within the en directory.
- 3 From the en\system directory, copy the FFWS.vdf file into the local directory.
- 4 In the local directory, modify the FFWS.vdf in order to point to the web server. Do this using Notepad.

**4.1** <!-- Set to true To enable print from DocuShare -->

```
<define id="enable">true</define>
```

Set define id to true:

**4.2** <define id="FFServerURL">http://FF\_Print\_Server\_URL/</define>

Replace FF\_Print\_Server\_URL with the *Web Services* URL.

```
<define id="FFWSID">ds1</define>
```

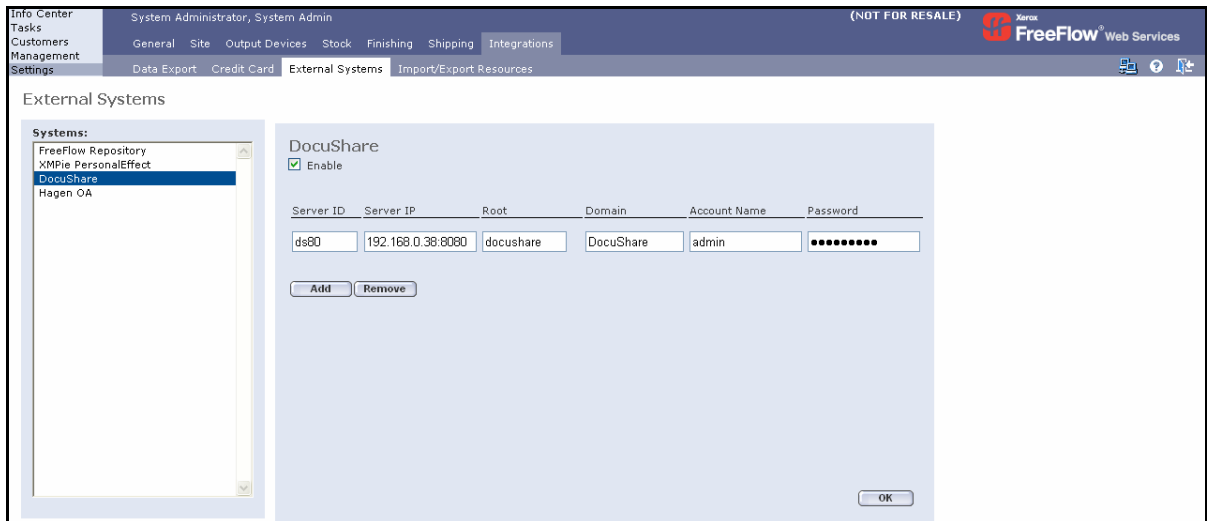

ds1 should be the ID that will be configured in web server; by default the ID is *DocuShare*.

**Note:** It is recommended to contact the DocuShare Administrator at the Print Provider site to receive the DocuShare ID. If you cannot access an ID, call the Customer Support Hotline.

# Defining a Xerox DocuShare Connection

In order to connect to *Xerox DocuShare*, carry out the following steps:

- 1 Login to the *FreeFlow Web Services*.
- 2 Click on **Settings/Integrations/External Systems**; the **External Systems** window appears.
- 3 In the **Systems** pane, select **DocuShare**.
- 4 Select the **Enable** check box.

- 5 Enter the DocuShare **Server ID**.
- 6 Enter the DocuShare **Server IP** (IP should also contain the port 8080).
- 7 Enter the DocuShare **Root**.
- 8 Enter the DocuShare **Domain**.
- 9 Enter the **Account Name**.
- 10 Enter the **Password**.
- 11 Click on **OK**.

**Note:** If another *DocuShare* server is to be configured, select the **Add** button and carry out steps 5 to 11.

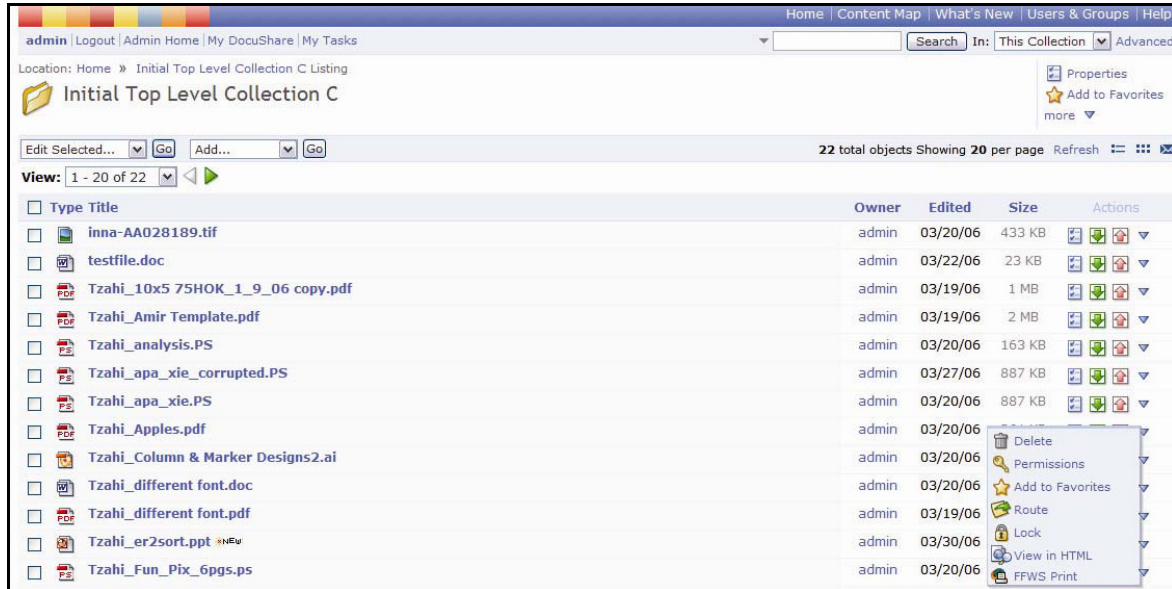

- 12 To remove a server from the list select the row and click on **Remove**.
- 13 Click on **OK**.

# Print from DocuShare

In order to initiate a print from *DocuShare*, carry out the following steps:

## Select FreeFlow Web Services Print

- 1 Log in to one of the configured *DocuShare* servers.
- 2 Use the arrow ▼ next to the relevant document to select FFWS Print.

The *FreeFlow Web Services* web site is launched and the **Login** window appears (see next section).

# Completing the Order in *FreeFlow Web Services*

After *FreeFlow Web Services* is launched, carry out the following steps to complete the order:

## Log in to the FreeFlow Web Services window

**Note:** This window could be different from the one shown in the figure below, depending on the *Web Services* Server that has been configured in *DocuShare*.

- 1 Enter the **User Name**.
- 2 Enter the **Password**.
- 3 Click **Login**.

FreeFlow™ Web Services provides a Web storefront for your customers to submit new jobs and reorder existing ones in a secure environment from virtually anywhere. Jobs are quickly and easily transitioned into production or into other FreeFlow services, reducing errors and simplifying the fulfillment process.

## Choose the Job Type and Edit Properties

To complete the order carry out the following steps:

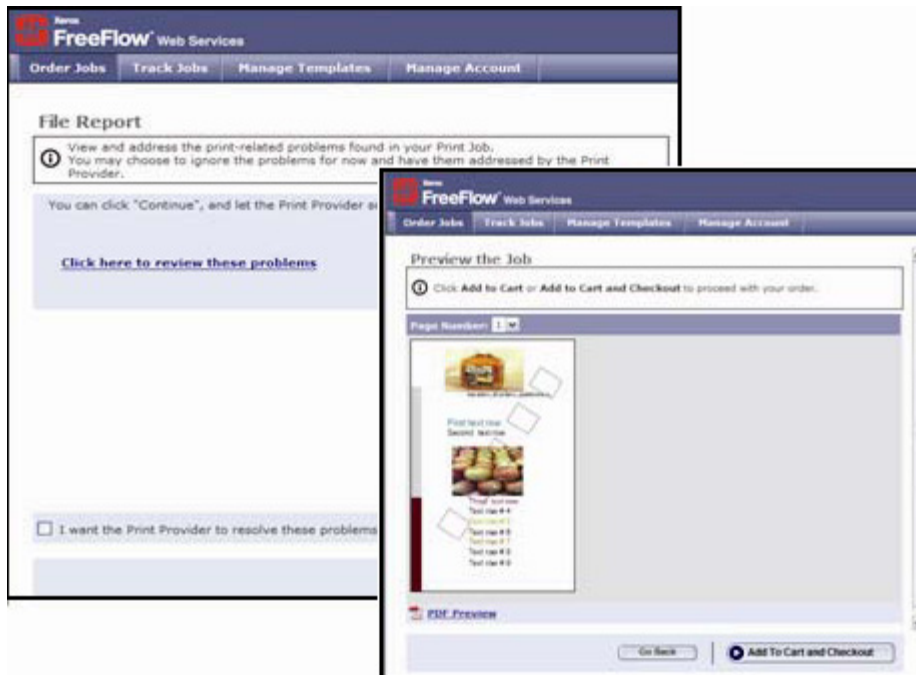

- 1 Choose a **Job Type** specific to the document that is being ordered from the *DocuShare*.
- 2 Click on **Next**; the **Edit Properties** window appears.
- 3 Carry out any appropriate changes to the properties and then click on **Next**.

**Note:** There is a slightly different workflow if a native application is selected (Microsoft Word, or PowerPoint etc.).

## Review Job before Placing Order

- 1 Review the **File Report** (document pre-flight).
- 2 Click on the **Click here to review these problems** link and fix the problems, or select **I want the Print Provider to resolve these problems** check box.
- 3 Click on **Continue**; the **Preview the Job** window appears.

- 4 Click on **Add to Cart and Checkout**.

## Complete the Order

To complete the order, carry out the following steps:

**Note:** Depending on the Printer Profile and Account Preferences, the following steps can vary.

- 1 In the **Shopping Cart**, click on the **Get Quote** button.
- 2 Click on **Proceed to Checkout**.
- 3 Complete the **Choose a Shipping Address, Choose Your Shipping Options**.
- 4 Click on **Continue** in each successive window.
- 5 Select **All Billing** and **Ship to:** and **Summary Information**.
- 6 Click on **Place Your Order**.
- 7 Review the **Order Confirmation**.
- 8 Click on **Continue Shopping** or **Logout**.
