

Xerox Device Agent, XDA-Lite

hurtig vejledning til installation

Hvad er XDA-Lite?

XDA-Lite er en software, som registrerer data på kontormaskiner med det primære formål at sende automatiske tælleraflæsninger fra maskinerne til korrekt fakturering. XDA-Lite omfatter en række funktioner til at overvåge og styre jeres kunders maskiner mere drifts- og omkostningseffektivt.

XDA-Lite understøttes på disse platforme: Microsoft Windows® XP med Service Pack 3, Windows Server® 2003 med Service Pack 2, Windows Server® 2008 med Service Pack 1 og 2008 R2 med Service Pack 1, Windows® 7 Professional, Enterprise og Ultimate, Windows Vista® Service Pack 2 Ultimate, Business og Enterprise.

Bemærk: Det anbefales at installere XDA-Lite på en netværksopkoblet pc eller server, der altid er tændt og har internetadgang, for at undgå tab af data.

I dette vindue kan du vælge, om der kun skal lokaliseres Xerox-printere, eller om alle printere i jeres netværk skal lokaliseres.

Klik på NEXT (Næste).

Vælg, om der skal søges på jeres lokale undernet (standardindstillingen), eller om du vil tilføje printere manuelt. Vi tilråder, at du kontakter jeres it-afdeling.

Klik på NEXT (Næste).

I dette vindue bliver det vist, hvor mange printere XDA-Lite har fundet på jeres netværk. Der kan altid tilføjes printere igen på et senere tidspunkt. Xerox maskiner bliver registreret automatisk af softwaren.

Klik på NEXT (Næste).

I dette vindue kan du vælge den type af beskeder, som I vil have tilsendt. Hvis du vælger E-Mail Alerts (Besked via e-mail), skal du indtaste de relevante e-mail-oplysninger.

Klik på NEXT (Næste), når du har foretaget de ønskede indstillinger.

Klik på NEXT (Næste) for at fuldføre konfigurationen af programmet.

Konfigurationen af XDA-Lite er fuldført. Klik på FINISH (Udfør), og XDA-Lite går straks i gang.

Ikonet med den grå terning på proceslinjen viser, at XDA-Lite kører. Programmet starter automatisk, hver gang der tændes for computeren.

Højreklik på XDA-Lite ikonet, og klik på Open (Åbn) for at åbne brugerfladen til XDA-Lite med et overblik over de opkoblede maskiner og de nyeste data.

Nu er installationen af XDA-Lite softwaren fuldført. Vi håber, at I bliver tilfredse med produktet. I tilfælde af problemer med installationsforbindelse bedes I ringe til jeres lokale Xerox kundeservice. Efter velkomstmeddelelsen skal der tastes *4* (stjerne fire stjerne) for at springe over valgmulighederne.

Udførlige anvisninger til, hvordan I bruger XDA-Lite programmet, findes i brugervejledningen på www.xerox.com/remoteservices.
