SPAR Release 25.003.36.000

Release Date: April 19, 2018

dc18rn3766

Software Release Details

System Software	Version
System Software	25.003.35.000
Main Controller	1.03.36.00
IOT	1.60.93
Network Controller	4.02.02.15
IP Core	6.6.3.P

Important

- Please ensure that you have a copy of your certificates prior to performing this upgrade since the upgrade will delete installed certificates.
- If your certificate is of a key length less than 1024 bits it cannot be installed on this system after the upgrade

Caveat

- With digitally signed software version 25.003.02.000 and greater installed, the machine will NOT be able to be downgraded to a non-digitally signed release. Releases less than v25.003.02.000 are NOT digitally signed.

I. Fixes/Features new in this release

- The device now supports SMB v3. If the server doesn't support SMBv3, the device will fall back to SMBv1).

II. Installation Notes

Software is available at this location-<http://www.support.xerox.com/support/workcentre-3550>

For details on how to upgrade your device, please see the Installation Procedure [WC3550-Installation Instructions](#)
