

## **Installing the Document Output Tray and Copy Output Tray**

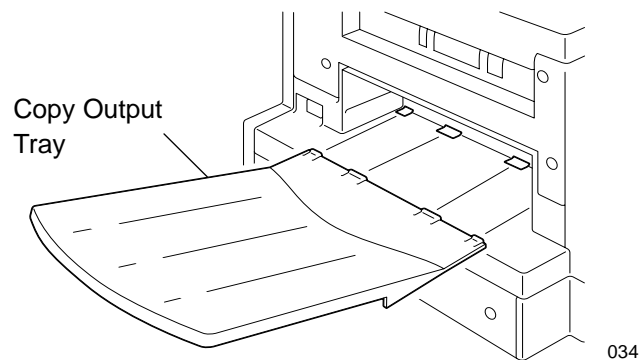

---

1. Insert the hooks of the Copy Output Tray into the slots on the left side of the machine.

### **CAUTION**

Do not place heavy objects on the copy output tray.

2. Insert the pins of the Document Output Tray into the holes on the left side of the machine. Extend the document output tray extension for large documents.

### **CAUTION**

Do not place heavy objects on the Document Output Tray.
