

Zero Gutters Patch for the CX Print Server for the Xerox 700 Digital Color Press

Overview

When you select the **Saddle Stitch** imposition method (**Job parameters > Imposition method**), and then select number of sets, the default gutter is set to 10 mm. This value is transparent to the user and cannot be changed.

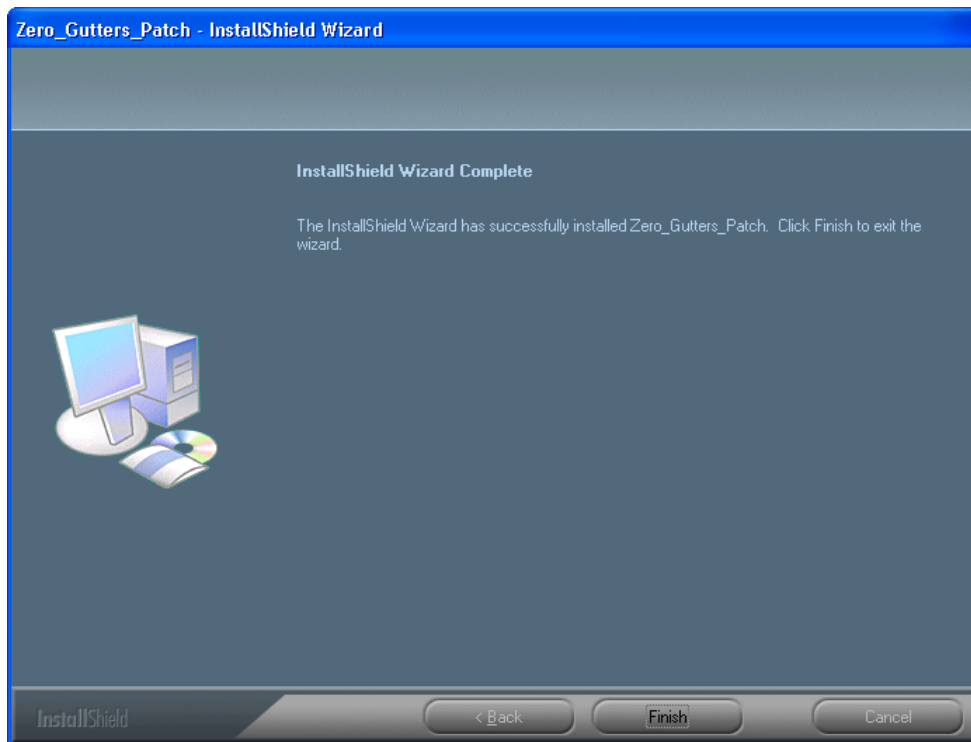

You are unable to print two sets of a smaller size paper on one larger sheet as the gutter size is too large. For example—you cannot print two sets of an A5 document on one A3 size paper.

Solution

Install the **Zero_Gutters_Patch** on version 1.5 of the CX print server for the Xerox 700 Digital Color Press. After installing this patch, the default gutters size for saddle stitched sets is set to zero.

Installation procedure

1. Exit the CX print server software.
2. Copy the **Zero_Gutters_Patch.zip** file to the CX print server, and unzip the file.
3. Double-click the **Zero_Gutters_Patch.exe** file.

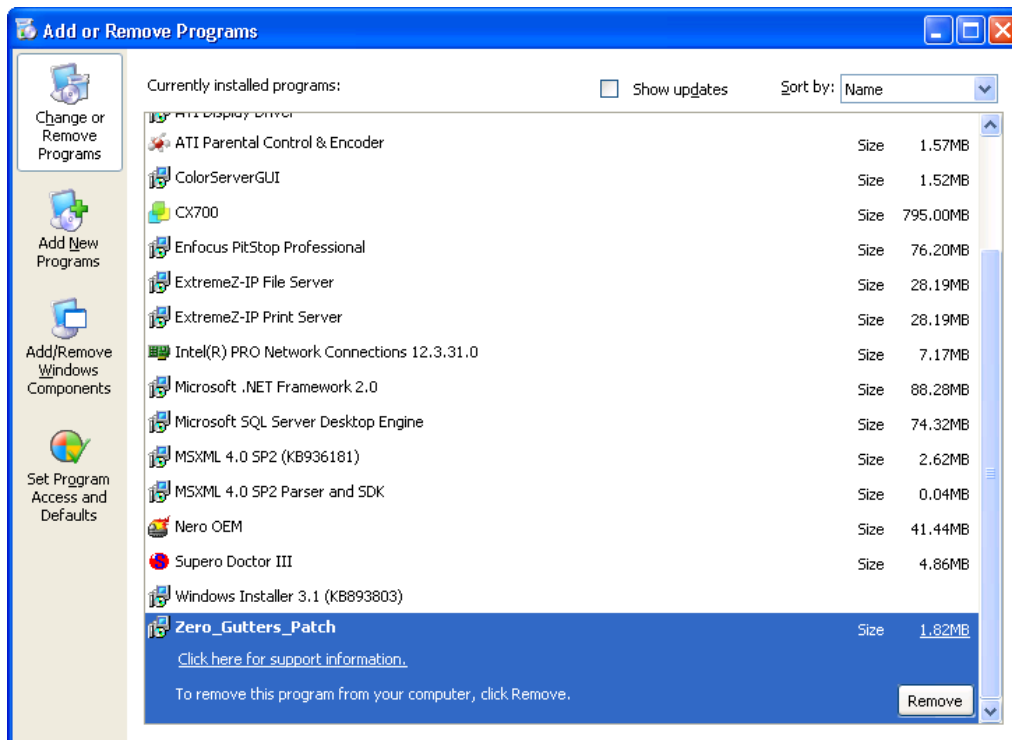

4. In the InstallShield Wizard, click **Finish**.
5. Start the CX print server software.
6. Verify that the patch was installed successfully:
 - a. From the **Help** menu, select **About**.
 - b. In the **Updates** box, make sure that **Zero_Gutters_Patch 08-Nov-2009** appears.

Uninstalling the patch

Perform the following to uninstall the **Zero_Gutters_Patch**:

1. Exit the CX print server software.
2. From the **Start** menu, select **Setting > Control Panel**, and then double-click the **Add or Remove Programs**.

3. From the **Currently installed programs** list, select the **Zero_Gutters_Patch** and then click **Remove**.

4. Click **Yes**, to confirm removing the patch.

5. In the InstallShield Wizard, click **Finish**.
6. Start the CX print server software.
7. From the **Help** menu, select **About** and verify that the patch was successfully removed.

About Print On-Demand Solutions Group

The Print On-Demand Solutions Group develops and supports high-performance CREO Color Servers and key workflow solutions for a range of digital production printers and presses. It also develops advanced on-demand applications to enable the creation of personalized direct mail, targeted catalogs and other powerful one-to-one marketing communications tools.

This independent unit of Kodak's Graphic Communications Group will continue to help its customers leverage their investment in digital printing.
